

Could you visit places for us?

Heritage Ability is a Living Options Devon project.

Living Options Devon is a charity that helps people who are disabled and people who are Deaf.

We are making places in the South West better for disabled people and Deaf people so they can enjoy a day out at them.

Places like castles, old houses, parks and nature reserves.

We are looking for people who can go to some of the places. Tell us how good or bad they are so we can help make them better.
